SUMMARY

Versatile and results-driven multidisciplinary professional with a unique blend of technical web development expertise and creative marketing Perception. Adept at bridging the gap between complex front-end engineering and high-impact visual storytelling to build cohesive digital experiences. Proven track record of leveraging modern frameworks and data-driven marketing strategies to accelerate brand growth and user engagement

EXPIRIENCE

Web Developer ,Graphic Designer
TTSET GLOBAL LTD
2024 - current

- **Web Developer:** I maintain the digital infrastructure of TTSET Global. This involves writing clean code, fixing broken links, and upgrading layout features regularly. I also ensure that users experience smooth navigation across all devices.
- **Graphic Designer:** I handle the complete visual presentation of the brand. This includes selecting color schemes, designing marketing flyers, and creating unique corporate logos. My creative work visually defines the company's identity to the public.
- **Digital Marketer:** I also, promote company programs to attract new clients. I manage social media campaigns, track web traffic, and optimize ad spending. This specific role directly increases student enrollment numbers.
- **Tutor:** I provide educational instruction to over 100 students. I prepare detailed lesson plans, grade practical assignments, and host live question and answers sessions. my guidance helps students build operational tech skills for their future careers.

Web Developer Intern
AIC Expert Company
July 2024 - September 2024

- **Website Creation:** I created clean, easy-to-use websites and made sure they looked good on all screens.
- **Web Applications:** I helped build online software projects and worked on connecting them to databases.
- **Teamwork:** I worked with senior developers to fix website errors and finish projects on time.

EDUCATION

- **Bachelor Degree in Software Engineering**

HIPE University Institute
10/2023 - 08/2024

- **HND (Higher National Diploma)**

HIPE University Institute
10/2022 - 06/2023

ACHIEVEMENTS

- **Student Success:** Successfully trained and mentored over 100 students in web development, Graphic design, and marketing basics.
- **Project Delivery:** Developed and deployed 5+ complete web applications and websites during professional roles and internship terms.
- **Platform Optimization:** Re-designed company web layouts to create a smoother, faster browsing experience for mobile users
